elected Commander-in-Chief of the
Confederate Veterans Association at
New Orleans last week.

\$19,000 Timber Deal.

James S. Cope and his wife, Zerilda
Cope, have sold to J. H. Winterbotham
and sons, all the timber on their land,
except chestnut and locust, situated on
Frozen Creek, this county, for the
sum of nineteen thousand dollars.

Rapidly Passing Away.

Pension office figures show that Veterans
of the Union Army are dying at
the rate of nearly 40,000 a year, and
the mortality among the former Con-
federates is not much less. More than
half the men who took part in the
civil war are now dead.

The State Militia Here.

Four Companies of the State Militia
arrived here last Sunday at 4:30 p. m.
They were Company C, from Lexing-
ton, under command of Captain C. W.
Longmire; Company A, from Frank-
fort, under command of Captain Gordon;
Company K, from Shelbyville, under
command of Captain Barton, and
Battery A, Light Infantry, from
Louisville, under command of Captain
Griffiths. They were under the com-
mand of Col. Roger D. Williams, of
Lexington. They were met at the de-
pot by a large crowd. They were sent
here by the Governor to protect the
court during the investigation of the
assassination of Dr. B. D. Cox, James
Cockrill and James B. Marcum.

They reported for duty Monday
morning and have been kept pretty
busy ever since—some stationed in
the court room during the session of
court, some guarding the Grand jury
room, others escorting witnesses to
and from the grand jury room, others
assisting the Elisor and his deputies
in making arrests while still others are
guarding the jail—so all are kept
busy, so the life of a soldier does not
appear to be an easy one. They are
sober, quiet gentlemen soldiers, and
should be commended for their good
work and nice behavior to date.

Circuit Court—Special Session

The special session of the Circuit
Court was convened here last Monday
by Judge Rutwine. The Judge di-
rected Ed Callahan to call the list of
grand jurors which had been previously
selected for the term, and the follow-
ing answers to their names: G. W.
Whittaker, Willie Spurlock, Shelt
Combs, Crockett Richie, Elijah Miller,
Robert Curfiff, Ed Denton, Elijah
McPherson, Henry McIntosh, Jack
Creech, Ham Bryant and Curtis
Jett.

A. F. Byrd stated that this was a
special term to investigate the assassi-
nation of Dr. B. D. Cox, James Cock-
rill and James B. Marcum, and as
Curtis Jett was related to one of the
parties accused, he asked
that he be excused from
service on a jury which was done.
Leonidas Jett then moved the
court that Ed Callahan be excused
from further service as sheriff in this
court, on account of the circumstances,
which was granted.

The court then appointed C. J.
Little as clerk, who appeared in court
and was directed to
complete every panel. Which he
did by calling Mr. M. C. Bailey,
who was called foreman by the court.
After being sworn
and the court retired to the
investigate the assassination of
Dr. B. D. Cox, James Cockrill and
James B. Marcum, and as Curtis
Jett was related to one of the parties
accused, he asked that he be excused
from service on a jury which was done.
Leonidas Jett then moved the court
that Ed Callahan be excused from
further service as sheriff in this court,
on account of the circumstances, which
was granted.

On Tuesday morning Jett and
White were brought into court. Com-
monwealth Attorney Byrd stated that
the Commonwealth was ready as to
the charges, but as the special
term must necessarily close this week,
on account of the regular term begin-
ning next week, he thought it would
be impossible to finish the trial at this
term, he, therefore thought it inexpe-
dient to begin the trial at this term.
B. F. French, attorney for Jett, asked
that the case be passed till Thursday
morning which was done and the de-
fendants were returned to the jail.

The defendants were brought back
into Court Thursday morning, where-
upon J. B. O'Neal, who had been em-
ployed as Attorney for Jett, moved the
court that the case be set for trial Mon-
day June 8th, to which the Attorney
for the Commonwealth objected on the
ground that some preliminary motions
would have to be disposed of, and de-
clared his intention of asking for a
jury from another county, whereupon
the court passed the case subject to
call, at any time, for the purpose of
allowing the Attorneys to agree on the
preliminaries if possible. In the event
they could not agree, he declared he
would pass on whatever motions were
made, and the defendants were sent
back to jail.

UNDER ELECTRIC GLOW

Electricians Produce Magnifi-
cent Effects at World's Fair.
ALL PREVIOUS DISPLAYS SURPASSED.

Science Transforms Night Into Day
and Streams of Water Assume
Varied Hues and Sometimes
Appear to Be Rivers
of Molten Silver.

The night effects of the Louisiana
Purchase exposition at St. Louis will
be a symphony in color. The exhibit
buildings will be bathed in a pure
white light which will bring out into
strong relief their beautiful outlines
and the richness of the tints and
mural paintings on their screen walls.
Chief Henry Rustin, who is head of
the department of electrical design,
has charge of this important feature.
Acting in the same capacity at Omaha
and Buffalo he set so high a standard
there that his effort to outdo it at
St. Louis will be the supreme one of
his life. By ingeniously contrived
lights the whole picture will be flooded
at night with changing hues. At one
time the scene will be a harmony of
violet, changing into amber, emerald,
crimson and amethyst, running the
whole gamut of color combinations so
skillfully that the spectator hardly
will be conscious where the color
leaves off and the other begins.

But through all the changes of col-
ors thrown on the buildings, it will be
possible for the cascades to retain a
distinctive tint. Mercury vapor lamps
will be cleverly concealed in the bases
of the sculpture lining the sides of the
cascades, the rays being thrown from
concealed reflectors through small win-
dows at an angle that will not meet
the vision of spectators from any point
of view. In this light the waters will
have the appearance at one time of a
ghostly phosphorescent torrent, at an-
other moment of floods of opal gems,
and again of a cataract of living flame.

Every source of the wonderful kalei-
doscopic effects will be ingeniously
hidden. It will be possible to pick out
different parts of the hill and its
structures in different colors. Thus
while the hall in the center will be a
rose color, one arm of the colonnade
orange, the other violet and the twin
pavilions emerald, the whole splendid
effect will be attained without confu-
sion of colors.

The night effects on other parts of
the site have not been forgotten. An
electric fountain that will be a thing
of beauty and a riot of color surpassing
anything of the kind ever designed
will occupy a point of vantage on the
grounds. The exhibit buildings at
night will appear to be giant cornices
of white light supported at the four
corners and the centers by immense
columns of light.

MRS. L. S. ADAMS.
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing
to tired women. Having suffered for
seven years with weakness and bear-
ing-down pains, and having tried sev-
eral doctors and different remedies
with no success, your Wine of Cardui
was the only thing which helped me,
and eventually cured me. It seemed to
build up the weak parts, strengthen
the system and correct irregularities."

By "tired women" Mrs. Adams
means nervous women who have
disordered meneses, falling of the
womb, ovarian troubles or any of
these ailments that women have.
You can cure yourself at home with
this great women's remedy, Wine
of Cardui. Wine of Cardui has
cured thousands of cases which
doctors have failed to benefit. Why
not begin to get well today? All
druggists have \$1.00 bottles. For
any stomach, liver or bowel disor-
der, Theodor's Black-Draught
should be used.
